REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record, Wong, discloses a ball comprising a core and a cover. The cover includes a thermochromic material that changes colors when exposed to a specific temperature. However, Wong does not disclose or fairly suggest a golf ball comprising a core and cover wherein the cover includes a section comprising an ink material covered by a thermochromic material and wherein the ink and thermochromic materials are different colors (claim 1). With respect to applicant's claims 10 and 15, Wong fails to disclose a cover with indicia covered with a thermochromic section and wherein the thermochromic section becomes clear or translucent at a predetermined temperature, allowing the indicia to be displayed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
